

Vehicle # _____

The U.S. 1/2 Mile TECH SHEET (VEHICLES)

These technical specifications are intended as a guide and are in no way a guarantee against any harm to spectators, entrants or others. No expressed or implied warranty of safety shall result from the issuance of, or compliance with these technical specifications. You are reminded that all motor sports are dangerous and that the safety of yourself, your family, your friends and your vehicle are your sole responsibility. I have inspected my vehicle on _____ (date) and will re-inspect my vehicle prior (12 hours or less) to the running of my vehicle in this event. I have inspected all that is listed on this form and take full responsibility for its condition on the track. I am also aware that a technical inspection will be performed at the event. By signing here, I certify that the car is in safe operating condition for racing and participating in track events. I recognize and assume all risk of damage, injury and death that may be caused by a failure of any component of the car, including without limitation the items listed on the tech sheet. I have not relied on the list to be comprehensive or tailored to my car; it is instead a guideline. I am responsible for insuring that my vehicle is in safe operating condition before each and every event in which I am a participant. I release North America Project Integrators, Inc (NAPI), DBA The U.S. Mile, its sponsors, shareholders, affiliates and all persons and companies that have or might assist in the process of inspecting my car (collectively, "Released Persons") from all liability of any kind for any property damage, personal injury or death that may occur to me or any occupant of my vehicle as a result of any of their acts or omissions, expressly including any negligent acts or omissions by the Released Persons. I understand that all forms of motor sports are dangerous and can kill me, I am an adult and accept all of these risks and agree not to join the litigious ranks of persons who believe all injury must be the result of fault by a person with money. This release is in addition to and cumulative of all releases I have given in conjunction with my entry and participation in a NAPI Event.

Print Name of Entrant/Driver _____

Vehicle Make/Model/Year/Color/Number: _____

Signature _____

DATE: _____

INSTRUCTIONS TO INSPECTOR: In the line next to each item, insert either yes (Y) or no (N). If you place a no (N) next to an item, please elaborate on the condition you found in the comments section or attach a piece of paper. The driver of the vehicle will be responsible for addressing/correcting the items with a no (N) next to it. The driver will have to note in the comments section or piece of paper of how and when the item was corrected and be prepared to have the correction visually verified.

Driver must check off all items and then the tech inspector will look over them as well.

Inspector is in no way liable for the safety and well being of the driver, passengers and other persons who come in contact with inspected vehicle. The inspection is only a guideline and is not an exhausted inspection of the vehicle. The driver is completely liable for his/her own safety and for any person that comes in contact with the vehicle.
